

Touching Base with God Throughout the Day

When you wake up: Thank you God for the opportunity to do your will in this new day. Thank you for my life!

When you look in the mirror: Thank you God for making me in your image. Help me to show your face to all I see today.

As you eat your meals: Thank you God for this food. Keep me mindful of those whose labor helped bring it to my table and of those who do not have this bounty.

In your car: Thank you God for the beauty of your creation. Help me to make choices today that make the world beautiful!

As you pray: Thank you God for this time with you. What a gift to be in your loving presence! Help my prayer to bear fruit in my life!

Throughout the day: Thank you God for every minute of this day. May I glorify you in all that I do.

As it grows dark: Thank you God for time to rest. May what I have done today be sufficient.

To close the day: Thank you God for all my blessings and for keeping watch with this night. Amen!
